

Statement of Work

For

PathShala Website Changes

Agreement Scope

'DGTLmart' would work with 'PathShala to do necessary changes and add new functionalities on "http://www.pathshala.co" website.

Project Overview

1. Enquiry form need to be delivered to teachers registered on our website - Form on the left side once filled by students or parents need to be delivered to teacher registered as per the class, subject, area.
2. Registration page need to be integrated with social media logins- social media (Facebook and Google) login integration need to be added. User will be able to login through above social media credentials.
3. Registration to be differentiated by "Teacher registration" & Student Registration" - As spoken registration page for student and teacher need to be defined, role defining and separate dashboards.
4. Payment pages "add to cart/ coupon code/ gateway integration" - check service page, there is credit system of every amount which is to be added to teachers dashboard and payment made by students for teacher. Will do with points, where teachers need to purchase credit to access contact details of students.
5. Dashboard need to be updated - class, subject, hourly rate, email id, address, credit points counter, students registered or paid to them
6. Teachers dashboard need to be linked with search tutor page - as simple teacher page details need to be shown on search tutor page, everything other than contact details because for teacher to get connected with students they need to buy credit points. Credit will be the virtual currency to purchase student contact details.
7. Student dashboard - all details same as teachers dashboard, along with course and teachers they are align or associated.
8. Separate database tables for teachers and students to store registration details, credit points history for teachers, students course purchase details etc.
9. YouTube links embedding functionality and option to upload pdf in teachers dashboard.
